

Nuffield Health Assessments

With you for the journey, not just for the assessment

As the UK's largest healthcare charity we invest all our income back into our purpose to build a healthier nation. We also have the largest private network of health assessment centres across the UK, ensuring employees always have access and choice when it comes to their health.

Nuffield Health reserves the right to not carry out some tests if deemed clinically inappropriate.

Online health assessments

To ensure we can support your employees in maintaining their best health we have online health assessments delivered via Microsoft Teams.

Our online health assessments offer updated health modules, at home pathology testing kits and the same level of follow-up coaching to ensure new lifestyle behaviours and habits are working. Where additional tests are required, individuals will be offered testing in clinic if clinically appropriate.

Assessment	Packages delivered by a physiologist		Packages involving a doctor
	Life Online	Life Online+	Pro Online
Trium® health risk assessment	✓	✓	✓
Blood tests at home	–	HbA1c and cholesterol profile	HbA1c, cholesterol profile and faecal immunochemical test (>45)
